We enter high school as children; we leave it as adults.
When did we change from one to the other? No one
can tell. It is the mysterious alchemy of high school.

1951 is the mid-year of the century. Which is better —
the half century that lies behind, or the one that lies
ahead?

Again — no one can tell.

Let us, therefore, concern ourselves with today alone.
These pages mirror Bedford High School of 1951.

Someday it may give you pleasure to remember these
things.

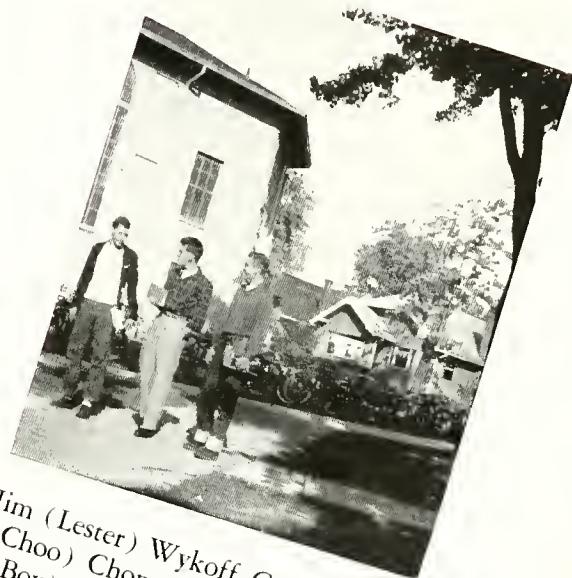

Familiar Surroundings Are The Best.

• Sessions . . . Magazine Campaigns . . .

To pep session—an excuse to work up more steam for the big game tonight

Jim (Lester) Wykoff, George (Choo Choo) Chopas, and Larry (Pretty Boy) Christman returning to the old 8:20 grind

Dean—the answer to a teacher's prayer when errands are to be done

Who will be the lucky winner? The industrious 100% H. R. 44 on their way to their prize, a movie on school time— The brains of the whole magazine campaign, financial secretaries Carolyn Sheppard and John Reuter

Endless Activities . . . Elections . . .

The Student Council—our representative governing body

One of the Council's pet projects—the traditional Christmas tree in the main hall

Student Council
sponsors—Miss
Newsom and Mr.
Lloyd

B. H. S. was the scene of the Southern Indiana Association of
Student Councils' convention

Dances . . . Jump Town Sessions . . .

One of our most active organizations— The Key Club

The faithful, ever-present guardian of
Jump Town—
Miss Denny

The Key Club's
"Most Valuable Player" award goes to a
most valuable and
deserving boy—full-
back Jim Bullock

Jump Town interests are upheld by our high school representatives—the Jump Town Council

School Projects . . . Hockey Playing . . .

Modern Betsy Rosses sewing on the United Nations flag

A familiar scene in the halls of B. H. S.
—Nedra and Jack

BIE DAY—businessmen, industrialists, and educators meet while we get out of school

The Madrigal Singers—a group of which to be proud. Those 7:30 practices brought a first place in state competition

The new grade school—Bedford's first new building in twenty-five years

Passing Notes in Session . . . Junior Minstrel . . .

Semester Honor Roll

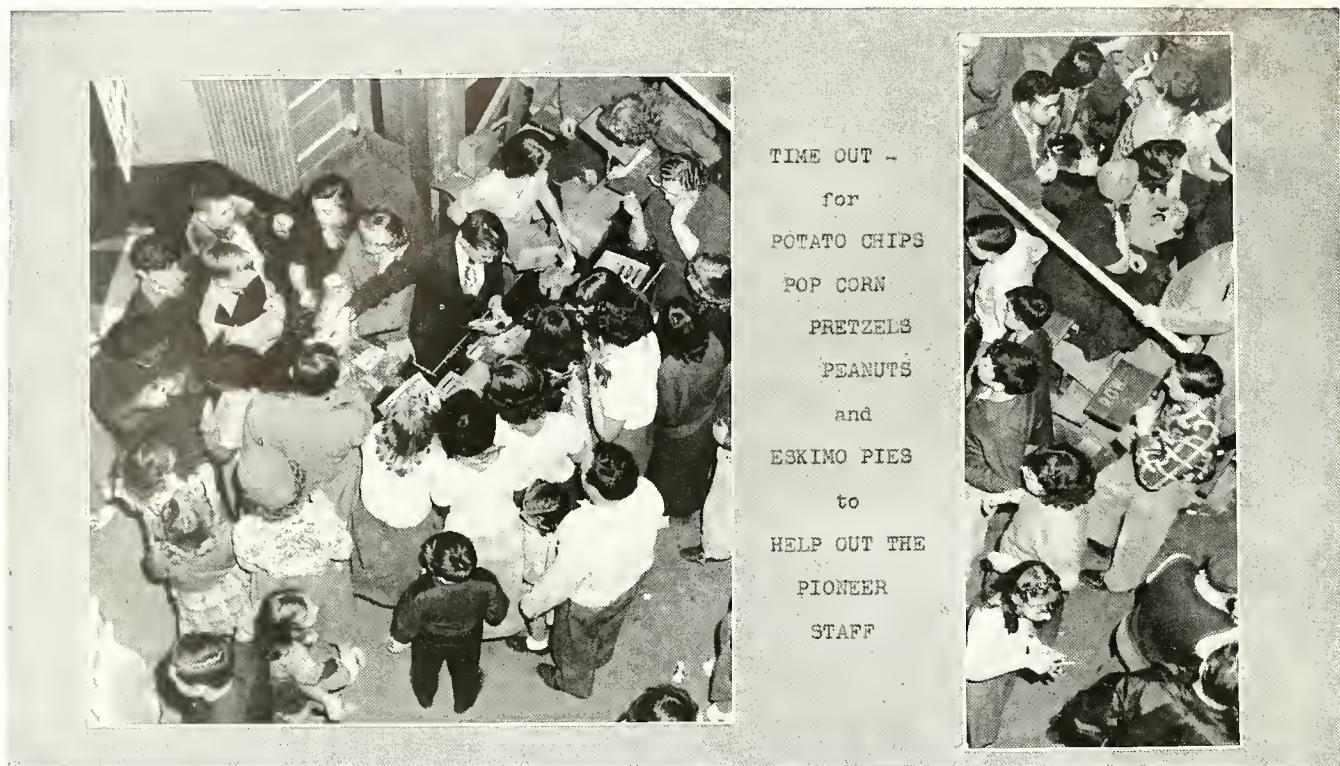

Sometimes we study in session— and then there are times when study takes a back seat and "extra-curricular activities" take over.

The Junior's Minstrel Show was not only a financial success but brought our "home talent" into the limelight.

The Scarlet and Purple Club, the dramatics club of Bedford High School, is open to interested sophomores, juniors, and seniors. Each fall those desiring membership are required to have try outs, in order that only those best qualified will be admitted to the club. Upon the announcement of new members it is customary to have a candlelight initiation service and then honor them with a party. Regular meetings are not held because much time must be devoted to rehearsals, but called meetings are not infrequent.

Miss Newsom and Miss Durrenberger find time outside of school to enjoy a few activities such as fixing a meal for a few friends. Who wouldn't enjoy anything like this after staying in school all day teaching English and Biology? Miss Newsom received her degrees from Earlham College and Columbia University. Miss Durrenberger received her degree from Indiana University.

Wonder what Miss Newsom is doing? Could she be calling the mother of some girl who is playing hookey? Could be, you never can tell! Miss Newsom is popularly known in Bedford High as the Dean of Girls. She helps us with our 4-year study course and is the co-sponsor of Y-Teens.

Since Miss Byerley's work as librarian sometimes becomes too demanding, she is aided by several library assistants. These students not only help Miss Byerley, but also help themselves by becoming more familiar with the library and its books. Some of their varied duties include putting away books, keeping books in condition, stamping literature, checking delinquent borrowers, and helping students find reference material.

Relaxation at home is what Miss Byerley often thinks of. She received her degrees from Ball State Teacher College and Denver University.

Miss Brooks received her degree from Indiana University, and attended the Texas State College for Women in Saltillo, Mexico, and the University of Wisconsin. Miss Roberts received her degrees from Hanover College, University of Illinois, Indiana University, and attended the American Academy of Rome. Miss Brooks is also a Senior class sponsor.

The language department of Bedford High School is very beneficial. It helps in word study and works its way into helping to get an academic diploma for college entrance. The Latin Club was organized several years ago and is now gaining in popularity again. The group has a Latin newspaper, and plans parties for different occasions. The language department is under the direction of Miss Roberts and Miss Brooks.

DRIVER TRAINING

Driver training is one of the many useful courses that B. H. S. offers to its student body. It acquaints a student thoroughly with all phases of driving—mechanics, safety, state laws—all things that go together to make a competent and careful driver. Here's hoping we have a lot of fine drivers in the future.

Mr. Brown received his degrees from Indiana University and Central Normal. He is co-sponsor of the Hi-Y.

OFFICE PRACTICE

Each year a number of the senior girls who are commerce course students become office practice students. Some of the duties performed by these girls in the high school principal's office and in the superintendent's office are selling paper, operating the mimeograph machine, taking dictation, typing, and collecting and tabulating absences. In addition to rendering an invaluable service to our school, these girls have the opportunity to experience secretarial work before actually filling a position.

SALESMANSHIP CLASS

Under the direction of Mr. Brown, these students learn the art of good salesmanship. Many of the students, in addition to taking salesmanship class sixth hour, earn an extra credit by working in downtown stores after school and on Saturdays. In addition to advice from Mr. Brown, the Chamber of Commerce this year has provided some of our business men to come and tell the class how they like for their salespeople to talk to customers and how they like for them to dress.

Sports Planners

No sports program can be better than the directors. Ours is a well balanced program due to the efforts of Robert Snyder, football; Ralph Holmes, basketball; Earnest Barnes, basketball and baseball; Todd Gainey, golf; James Chadwick, football; and H. A. Lloyd, principal, who coordinates the entire schedule.

Sports

COACHES

Mr. Holmes, head coach, and Mr. Barnes, second team coach, are discussing a new play for the Stonecutters to try in their next game.

Mr. Holmes has been varsity coach for the past 11 years. In that time he has had 10 sectional winners and 8 regional winners. A fine record, Mr. Holmes.

Mr. Barnes has coached Bedford's reserve team for the past 5 years. His training prepares the boys for the varsity.

MANAGERS

Left to Right: Jan Fox and Louie Endris.

Two of the workhorses behind a ball team are the student managers. Louie Endris and Jan Fox have lived up to the standards of a good manager. Good job, boys.

YELL LEADERS

Nancy Banks, Jean Wykoff, John Myers, and Jerry Slinkard were the spirit rousers behind the team this year. John and Jerry will leave the yelling to someone else next year, this being their last year. Nancy and Jean will be here as the veterans to aid the new leaders in 1951-1952.

Sports

VARSITY

Bedford had three regulars back this season, Boyer, Padgett, and Maxwell. The two guards, Bullock and Elliott, came up through the ranks, to fill the two open positions.

The season ended with sixteen wins and eight losses. Although this is not a too impressive record, we upset a couple of favored teams.

We had very little trouble in the Sectional, and eased by Seymour in the Regional by two points. We lost the Regional, bowing to New Albany in the night session.

Basketball

BASKETBALL VARSITY

JOE ELLIOTT, a junior, was one of the football men to play basketball on the Cutter squad. Joe's height came in handy under the boards. He will be back to play next year, to try even harder than he did this year.

BILL MAXWELL had two years of varsity ball at Bedford. One of our capable forwards, he added to the point total for B. H. S. He is a senior.

NED BOYER was our second forward. Having three years on the varsity, he is one of the "old" veterans. His right-handed push shot aided in bringing defeat to some of our adversaries. Ned is also a senior.

DAVE PADGETT was our center for the '50-51 season. "Padge" was a scrapper under the goals, bringing the ball out with him most of the time. This is Dave's last year at Bedford High.

JIM BULLOCK, the shorty of the squad, graduates this year. He had two years of varsity basketball. Jim usually managed to get in his two cents worth each game.

Out of the first five we lose four, but we have some capable replacements that include:

BILL BRISCOE, regular on the second team, will be back next year to dump in his share of the points for the coming season.

CHARLIE "LIZARD" FIDDLER saw quite a bit of action this season. A junior, he will return for future play.

BILL "PINHEAD" LOVEALL got in most of the games to add to the point total for Bedford. "Pin" is a junior.

JIM WYCOFF, also a junior, developed quite a hook shot this season. He will be back for future play.

BOB DYER will have another year of basketball along with his fall sport, football.

RALPH "BOOMIE" VAUGHT was a regular on the second team. He also saw some action on the first string.

These boys, along with some from the second team, will form the Stonecutter squad for 1950-51. Lots of luck, fellas.

Sports

RESERVES

Although the second team did not have a very good season, with a 6 won, 11 loss record, nevertheless they worked hard and were primed for future play. The Little Cutters were a well rounded group with three juniors, six sophomores, and one freshman.

Row 1: Ronnie Beretta, Don Erdman, Bob Craig, Joe Harrell, Charlie Craig.

Spring Sports

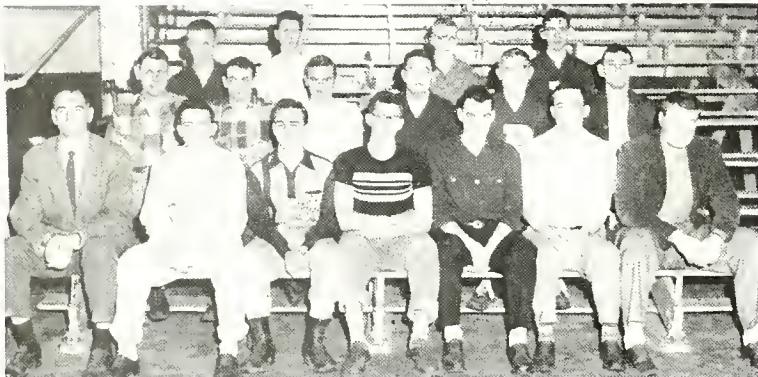

GOLF TEAM

Row 1: John Reuter, Jerry Asbell, Bob Heart-hel.

Row 2: Larry Chrisman, Ed Child, Jim Heath.

As all of the boys except Larry are veterans of last year's squad our boys should knock the other golf teams right off the green. All of them will go to a "tee" party this spring.

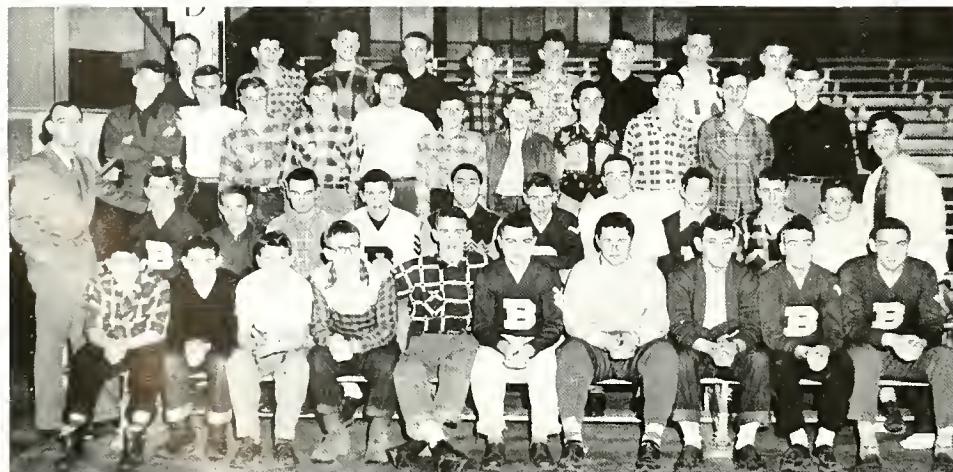

TRACK TEAM

Row 1: Jim Chadwick, coach, Gene Ingle, Bob May, George Chopas, Ted Carter, Roger Sanders, Bob Snyder, coach.

Row 2: Creighton McChord, Dean Eicher, John Sanford, Harold Spinks, Frank Martin, Jim Ridge.

Row 3: Bob Craig, John McRae, Charles Craig, Angelo Veros.

Most of the boys are veterans of last year's squad. They were near the top in last year's County Track Meet at Mitchell. Here's hoping they have a good year this season.

BASEBALL TEAM

The following boys will try out for this year's baseball squad:

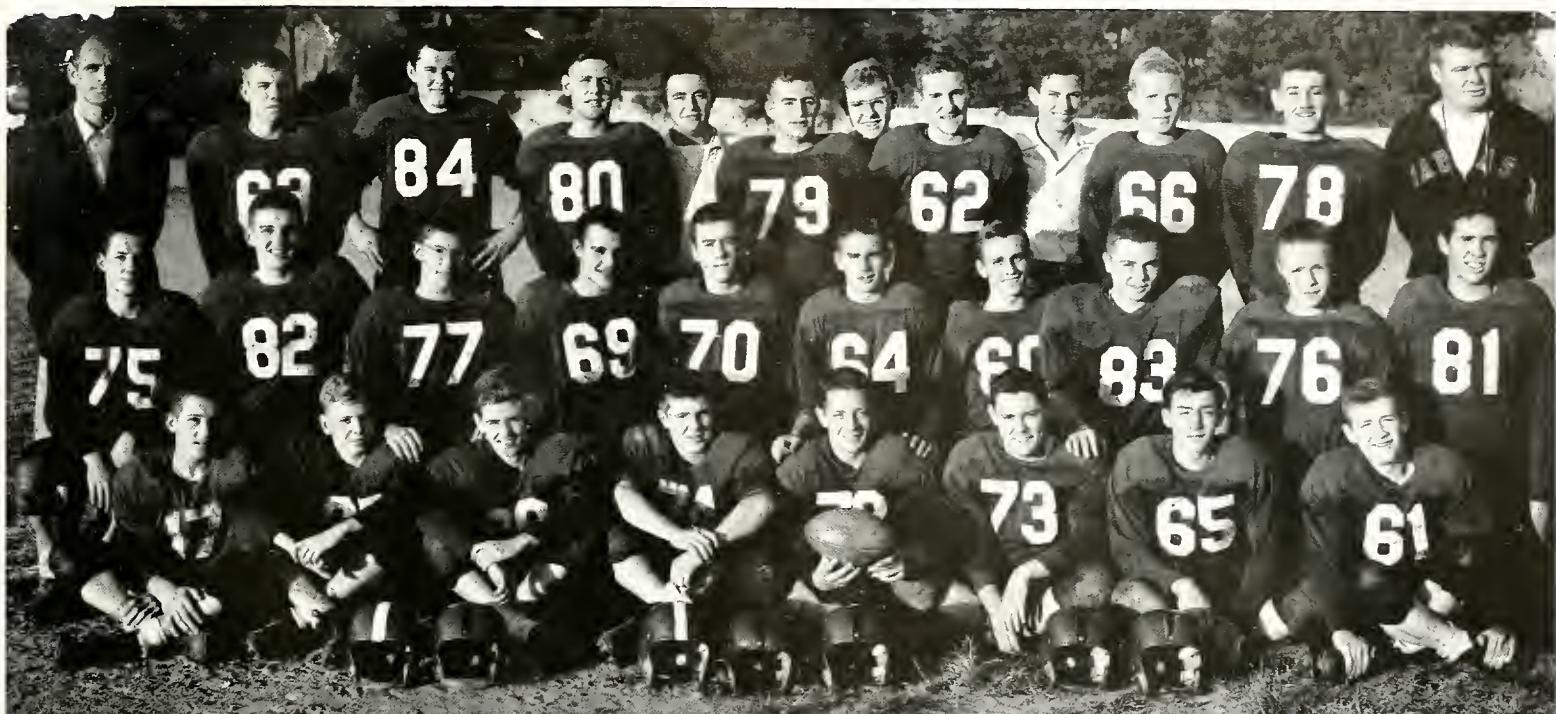

Row 1: Jerry Taylor, Larry Buckner, Jackie Simmons, Bill Gabbert, Dan Parker, Jim Bullock, Jack Moon, Jim Ridge, Bill Loveall, Bob Dyer.

Jack Mitchell was absent when the picture was taken.

VARSITY FOOTBALL

Football has made considerable progress in its four years as a sport at Bedford High School. In the pigskin classic of the past year the team won 5 and lost 2. In the first year at B. H. S. the squad won 0 and lost 2.

If the STONECUTTER footballers progress in the future as they have in the past a championship team is in the making.

Jim Chadwick, line coach, and Bob Snyder, backfield coach, discuss a new play with quarterback Bob May. Bob has been field general for the Cutters for four years. It takes a lot of practice to get these plays to click.

Fall Sports

FOOTBALL MANAGERS

Left to Right: Frank Martin, Harold Spinks, Charlie McGuire.

No matter what the sport, behind the scenes are the managers. They keep the uniforms in good shape and "mother" the boys. Here Frank, Harold, and Charlie are giving a high gloss to the football helmets.

FOOTBALL RESERVES

Row 2: Ralph Canada, David Sears, Don Watson, Dean Eicher, Gordon Emery, Jim Nelson.

Row 3: Jim Chadwick, coach, Bill Gabbert, Paul Miller, Phillip Barlow, Gene Reed, Fred Kern, Bob Snyder, coach.

The football reserves are the varsity to come. Some of them will be regulars in one or two years. The training of the little 'Cutters is important, for they will carry the banner for B. H. S.

FAREWELL SONG
Tune— "The Halls of Ivy"

Time has come to say good-bye
As we leave our Bedford High
But we we'll ne'er forget
Tho' we be far, far, away.
To our treasured years in high school
Every voice will bid farewell
And as we leave we'll all look back
On friends we've known so well.
But now a hush will fall,
The footsteps of us all
Will echo down the halls and disappear.
But as we sadly start
Our journeys far apart
A part of every heart will linger here—
At our dear ol' Bedford High School
Where we lived and learned to know
That through the years
We'll see you in the sweet afterglow.

CLASS SONG
Tune— "The Stars Will Remember"

We'll always remember
Our years in Bedford High,
Our classmates and
Friends so dear, we love
A rose as a token
From the prom that brought a sigh
We'll always remember,
By and by.
But now, in '51,
We leave our years of fun
And all the joys we knew
And all our friends who've been so true.
These memories we'll treasure
As time goes passing by
And we'll ne'er forget you,
Bedford High.

Class ~~prophesy~~

May ??, 1976—The class of '51 met today after twenty-five years of freedom from the rules and rigors of school. The following are the results of the past twenty-five years.

Marvin Allen, Dale Yeskie, Bob Nocus and Doug Robbins combined talents and formed a booming racing team. They built faster cars for the "500 Mile". No winners as yet, but they're still hoping. Jerry Asbell is now heading the Barter Theater troupe. Linda Coble is the leading lady in all his productions. Jeanie Bailey is now head nurse at Dunn Memorial, P.S.—all the nurses are wearing the newest dress creations—designed by Jeanie in her spare time. Speaking of nurses, Anna East and Vivian Dusard have both become "angels of mercy" and are holding high positions at the local hospital.

Don Bays has become one of the best doctors in the country; aided and abetted by none other than Marilyn (Stretch) Lewis, who finally graduated from nursing school two years ago. Jerry Wray has opened an art school of his own—the school is a great success. A few teachers in this thriving business are Betty Jo Blythe, Nina Henderson, Bill Tarr, and Karl Taylor. The teaching staff of B. H. S. has changed somewhat since the class of '51 left. Connie Wever has become girls' gym teacher (also teaching a snap course of health and safety on the side). Ronnie (Skinner) Wolfinger is the boys' gym teacher. Mr. Wolfinger likes teaching at B. H. S. but he'd be much happier if all the girls would just let him alone. Phyllis Chambers and Nancy Branson are teaching mathematics at their Alma Mater—nobody has failed math for the past 20 years. John Reuter finally got to be chemistry teacher at B. H. S. Since Reuter came, room 44 has been shunned by all except his one class of two people—Glen Richards and Tom Walker—they came back for a post-grad course in '52 and just stayed.

Ted Carter and Jim Bullock are co-coaches of Bedford's football team. They hold the record of being unbeaten since 1955. Jim Heath has finally achieved his lifetime ambition and is the proud owner of the "Stagger Out", Bedford's biggest night club. Patrons are entertained nightly by Jerry Slinkard and his piano. The "Beautiful Dozen" (who's that?) who perform once a week are the biggest attraction however. Orpha Jewell achieved her ambition to be liked by everyone and is now writing a book about how to win and keep friends. Jack Canfield is now playing ball with the Bedford Pros—they say he's earning \$500,000 a season but Mira Jo spends it as fast as he earns it.

Phyllis Isom, Betty Gregory, Margie Hall, Betty Wever, Mina Kindred, and Kathleen Schumacker have all been happily married for a long, long time and the B. H. S. teams are being sustained by their offspring. Sharon and Jack Schooley have taken over management of the Dunkette and business is jumping. Helping Jack and Sharon are "Marthy Belle" Carson, Becky Robinson, Margie Overton, and Mary Reichman. They're having difficulties keeping the high school kids away (during school hours). Ned Boyer became coach of the Bedford Cutters when Ralph retired. They haven't lost a game since. The Cutters have taken State so many times that B. H. S. had to build an additional wing to hold all the trophies.

June White finally made up her mind who was to be the lucky man. All the poor boys, I bet they're tired after waiting twenty-five years for her decision. Johnny Myers (our esteemed yell leader), Jack Mitchell, Leo Pace and Bob Webb went exploring into the wilds of Alaska. At last report they had found a lost paradise and would never return. Flash! Shirley Byers, Valeska Carson, Barbara Gennett, Betty Judy, and Doris Wagner, while traveling through Alaska came upon some friendly natives?? and decided to stay a while. Walter Chilton finally achieved his one ambition to own a newspaper. On Walter's staff are Larry (Bones) Ikerd, and Nancy (Flutter) Flinn. Ah yes, the "Bedford Daily Owl" is a fine paper; they don't give a hoot what they print! Virginia Baker has opened her own beauty salon and is an overwhelming success. Kathleen Kopp and Betty Klatte are Virginia's helpers. "The Beauty Spot" caters only to male customers—which suits everybody fine.

Marjorie Walker, Phyllis Turner, and Iris Evans are co-owners of a new combination drug store, dime store, and restaurant. The girls are rapidly becoming the three wealthiest gals in Bedford. Quick boys—they aren't married yet! Patty Fisher achieved her ambition and became a teacher. For some odd reason her husband became coach of the Mitchell basketball team. It seems he was a star on that team until he graduated in '51. Dean Faris, Rodger Hitchcock and Jim Ridge are proud owners of the Kocolene chain of gas stations, that way they can have plenty of gas to drive around town. Diane Clark started out as a lowly buyer of merchandise at Sak's and she is now part owner of the store. The other owner is formerly of Bedford too—I believe Schloot is

They've got happily married for over 20 years. Polly Dixon is now working full time at WBIW. After having a baby she and her husband, Dan, beat the market out of his job. Pat Stapp, Pat Love, Pat McCarrell, Pat McKee, and Patty McLean are all doing splendidous hit on B. H. S. They're checking hats at the Stork Club and looking for wealthy husbands. Ed's old friend Ed has opened a dancing academy in Hollywood. Barbara Thorne, Marian Plake, Janice Houston and Suella are all teaching all Ed's pupils to "trip the light fantastic"—Bedford Style. Since Sue Bridwell got along so well with Miss Denny, she has stayed at B. H. S. all these years as Miss Denney's special assistant.

3. Dan Parker has attained the position of admiral in the U. S. Navy. Besides that he is listed in Dunn and Bradstreet (for businesses on the side). Emma Goldsby bought a garage so she could repair all her cars herself. Ever since Nora Jones got that car for graduation she has been driving around seeing all the sights. Don Gratzer and Johnny McRae now own the "Downtown Pool Hall". Don gives lessons to all persons desiring national fame at billiards and Johnny (because of his wonderful disposition) coaches all patrons in the art of graceful losing. Some more of B. H. S.'s happily married couples are Jack Moon, Nedra Smallwood; Ronnie Rile, Sallyann Duncan; Johanna Sohn, Joe Elliott. Emily Hitchcock and Oneita Bell have both become veterinarians and have a thriving business.

Miss Brooks resigned and Mary Lou Boyd came back home to take her place teaching Spanish and algebra. Eleanor McKnight is now the leading psychiatrist in the country. Wilma Jourdan is Eleanor's assistant in the mental business. Patsy Mauger and Sue Smallwood combined sources and opened a nursery for babies from one to 2 years inclusive. How's the business, girl's? Bill Maxwell and Bob May joined the Navy and are seeing the world. They like the idea of a girl in every port. Joanne Greene, Carolyn Taylor, and Frances Fritsche all inherited a pile of money from various rich relatives. Bet they're having fun!

Jerry Schomacker, Kenny Callahan and Walt Edwards have made their first 20 million and have finally retired. Jody Cumming married her high school sweetheart, we hear he's a rich admiral now, and they're rearing little sailors. Louie Endris and Jack Callahan joined the navy to see the girls. Louie writes poems to all the girls and Jackie recites them. Dave Roberts now owns the biggest flower shop in the world. His chief helper and advisor is a little gal named Gerry (Myers) Roberts. She was Dave's steady 'way back in '51. Gloria Delaney and Marilyn Ann Miller are both happy people. As soon as they graduated both gals latched on to their heart's desires. Gloria married John G. and Marilyn married Frank H. Pat Brown is still around school practicing her shorthand and typing—someday she's going to get a secretary's job.

Since Miss Chase would have been lost without Marilyn Andrea Miller around, Marilyn stayed at B. H. S. for a while. She's still there—putting out the Pioneer singlehanded they tell me. George Chopas is playing pro football with some big team down South. We hear he likes those southern belles.
